Industries by different means, should belong to Canada serving Canadian National Sovereign interests:

- Farming industry, should belong to the farmers, under the Canadian farming co-op and communities to buy directly from them.
- Financial institutions should belong to Canada, serving Canadian interests.
- All other industries should be focusing into providing what Canada and Canadian sovereign needs, representing priority.
- Healthcare system, should belong to Canada and serving Canadian sovereign interests, not being controlled by foreign organizations and naturist medicine should be present inside all the medical institutions, people having the right to demand that, they must be treated with naturist remedies if they want that.
- Education system, should belong to communities and the school board should build the teaching system according with what community wish represent, having best intentions regarding their own children education.
- The naturist medicine should be introduced into the education system as well, besides social programs teaching moral values and how those should be applied inside society.

## Religions and Beliefs

We, the sovereign beliefs are that, it is a creator and everything by the land, air and water including the earth itself is a creation.

We also believe that, everything from creation is representing a synergy where we the sovereign duties are to respect, defend and protect what the creator creates and to keep everything as was given to us.

However, everyone are free to have their own religion and beliefs orientations, as time it's not creating harm, not interfering or any other means, that might have directions on creating division and/or separation.

Everything and everyone are equal and everything and everyone are a big family under the sky, the earth itself representing everyone's shelter.
